PROFILE

Technically core React developer with hands-on experience developing and delivering user-centric software applications using React technologies and offering strong expertise in multiple programming languages, including React, JavaScript, MongoDB, Node.js, Express.js, Postman, HTML, Redux, API and CSS and seeking to secure a challenging position as a Software Developer.

EXPERIENCE

2023/07 – 2023/12
Bangalore, India

Software Engineer
3007 PVT. LTD

- **Collaborated** with UX/UI designers to implement responsive and visually appealing interfaces, resulting in improved user engagement and satisfaction.
- **Developed** front-end functionalities, ensuring cross-browser compatibility and optimal performance, resulting in a smoother user experience and increased site traffic.
- **Conducted** comprehensive code reviews, identifying critical bugs and providing timely solutions, resulting in enhanced code quality and improved system stability.
- **Integrated** RESTful APIs for seamless communication between the front-end and back-end systems, streamlining data flow and improving overall system efficiency.

PROJECTS

2023/12 – 2023/12

Worko - Website ⊡
Transform the Way You Work: Introducing Worko

- **Led** the comprehensive documentation initiative, creating the docs page for Worko, ensuring clarity and accessibility for users and team members.
- **Contributed** significantly to the collaborative development of Worko, collaborating closely with a diverse team of five members.
- **Coordinated** team efforts to meet tight deadlines, resulting in the successful completion of the task management tool within a week.

Tech Stack: HTML ‖ Tailwind CSS ‖ React.js

2023/01 – 2023/02

Mangalore Pharmacy Platform Development ⊡
Innovating Pharmaceutical E-commerce

- **Spearheaded** the development of "Mangalore Pharmacy," an advanced e-commerce solution for pharmaceutical products.
- **Engineered** user authentication, registration, and login systems to ensure secure and seamless user interactions.
- **Designed** intuitive user interfaces for both customers and administrators, prioritizing ease of use and functionality.
- **Integrated** Razor Pay for secure local payment processing and implemented robust order tracking features.
- **Implemented** push notification capabilities to alert users about special discounts and promotions.
- **Applied** strategic pricing models to manage wholesale and retail pricing concurrently.

- **Enhanced** customer support with real-time chat assistance.
- **Utilized** advanced SEO techniques and Google AdSense to optimize platform visibility and performance.
